BUSINESS DEPARTMENT

EMMANUEL COLLEGE

Discover your purpose. Prepare your future.

OUR MISSION

EC's Business Department prepares students within the context of a Christian worldview to work in entry-level management positions in a variety of business organizations.

GOALS

We develop career paths in three ways:

1

PROVIDE education and training through business courses most essential to business careers.

2

Academically **PREPARE** interested students for graduate study in the field of business administration or computer information systems.

3

Aspire to **MAINTAIN** a visible involvement in the local business community to give students added exposure, support, and hands on experience.

TWO CONCENTRATIONS

BUSINESS MANAGEMENT

for students with aspirations of leadership in business.

- This concentration emphasizes experience offering a broad mix of courses in theory and skills sought out by prospective employers and graduate programs.
- Graduates are prepared for careers in a wide range of entry-level management positions in a variety of business organizations.

COMPUTER INFORMATION SYSTEMS

for students with interests in business and computing.

- Our students experience a blend of computer technology and business courses that prospective employers and graduate programs are seeking.
- Gaining hands-on experience with the latest software, such as Microsoft and UNIX, graduates are prepared for careers in:
 - Technology management
 - eCommerce and Internet development
 - Computer programming
 - Systems development and support
 - Technology training

STUDENT ORGANIZATIONS

ENACTUS (Previously SIFE)

- A network of students, academic and business leaders committed to using the power of entrepreneurial action to transform lives and shape a better more sustainable world.

SIGMA BETA DELTA

- This international honor society is for business students with outstanding academic achievements.
- It encourages and recognizes scholarship and achievement, all while encouraging and promoting personal and professional improvement and a life distinguished by honorable service to mankind.

EDGE

All School of Business students have the opportunity to participate in a special Emmanuel program called EDGE, Education Designed to Gain Experience. Through field trips and guest speakers, EDGE creates educational experiences through mutually beneficial partnerships between students, businesses and the College. Students who excel and demonstrate leadership are invited on visits to learn first-hand about career opportunities in their field, meet and network with professionals, discuss possible internships, and gain an edge in the marketplace upon graduation.
