NATURAL SCIENCES

EMMANUEL COLLEGE

Discover your purpose. Prepare your future.

WHO WE ARE

EC's Natural Science program offers students a quality education within a Christian context. We prepare students academically, morally and spiritually to positively impact the scientific community. We encourage student learning and provide excellent teaching to

- Help students understand the concepts of science and integrate those with our Christian beliefs.
- Academically challenge students in developing their professional talents
- Emphasize the responsibility we all have to use our gifts in the service of others and to God's glory

DEGREES

AS ALLIED HEALTH - for students who seek 2+2 and 3+2 healthcare professions; designed to allow students to complete prerequisites for Nursing, Nuclear and Radiological Sciences, Respiratory Therapy, Dental Hygiene, Clinical Laboratory Sciences, etc.

BS BIOLOGY - for students who seek a broad background in the biological sciences with many career choices in healthcare and private sector jobs.

COMMUNITY

Our faculty members hold doctorate degrees in their field of study and are committed to integrating faith and science. Each professor has an open door policy with posted office hours, encouraging a more collaborative learning process. We also have fully equipped and dedicated laboratories that enable our 100+ Natural Science students to receive the highest quality education possible.
